Card Reload Centre

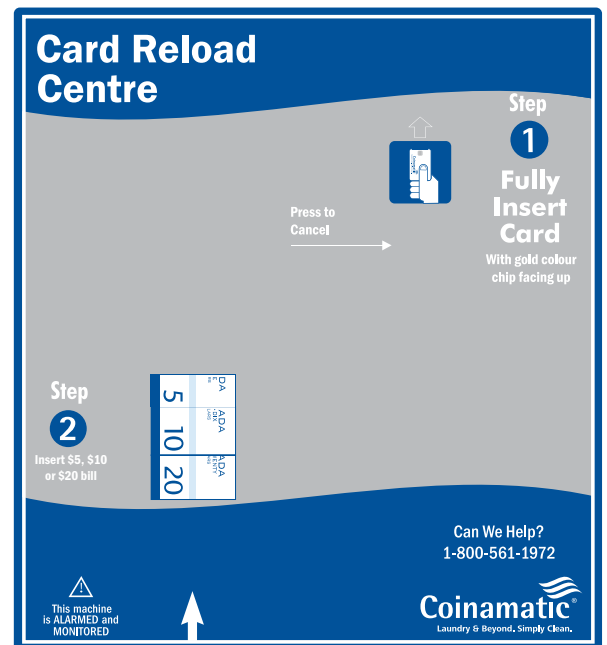

Our commitment to technology gives you an edge everyday!

At Coinamatic, we incorporate technologies into every aspect of our business. And every innovation is designed to improve the laundry experience for both you and your residents. The systems and amenities created by our in-house technology group raise our laundry programs well above the ordinary - and will do the same for your profits.

The MiniMate Card Reload Centre Experience

Coinamatic's smart card program can be a valuable resident amenity. Residents use a conveniently located Cash to Card Reload Centre to load their smart cards with \$5, \$10 or \$20. This value can be spent in Coinamatic activated laundry equipment.

The size of this compact unit provides easy installation in smaller settings. The tough outside exterior makes it secure and virtually tamper proof with no seams or pry points.

Features & Benefits

- Fits Anywhere - compact design available in wall mount or pedestal mount applications
- Dependable- Service issues are minimized
- Full Audit
- Enhanced Security System - includes vibration, door switch and siren
